GUGII

Financials

Gina went through GUGII Financials. Numbers are looking good. Revenue stream is better than the budget. SPED per pupil revenue is higher than expected. Title II funding came in higher. There is also a higher number of enrollment in after school clubs. The expenses have some ups and downs. Compensation is coming in higher due to additional positions that needed to be filled as well as office supplies that needed to be purchased.

General School News

Matthew spoke about general school news. Last week we had Looking Forward Looking Back (LFLB) Testing. Students are doing well testing-wise. At GUGII, we can see how well the 4th graders have developed over the past three years that they have been at the school.

Next Friday we will have Pajama Day at GUGII - our school leaders are planning on wearing matching pink pajamas!

Have a Happy Holidays and a New Year everyone! We will see everyone next year.
