Executive Summary

GROWING UP GREEN CHARTER SCHOOL - 343000860952

The New York State Education Department (NYSED) has developed the online *2023-24 Consolidated Application for ESSA-Funded Programs* to support the timely administration of programs funded by the Every Student Succeeds Act (ESSA) to local educational agencies (LEAs) across the state. The application is streamlined to focus on the required assurances from Section 8306 of ESSA, as well as fiscal and programmatic information that staff have determined is necessary to properly administer each program. The additional information requested in the application will allow NYSED reviewers to ensure that all LEAs are fully prepared to effectively address key provisions of ESSA regulations. For example, the application includes a significant focus on consultation with required constituent groups in the design of ESSA-supported programs. Even though LEAs will provide assurances that consultation has occurred, NYSED has determined that evidence of that consultation should be provided as part of the application process. Toward that end, documentation of the constituent groups included in consultation, along with an *LEA Affirmation of Private School Consultation* form will be required as part of the initial application.

The online format dramatically improves NYSED's capacity to collect and analyze district-provided data in a timely manner, and then utilize that data to provide targeted support to LEAs as part of shared continuous improvement efforts. For example, the format will allow NYSED to quickly review LEA-determined per pupil amounts for Title I, Part A programs to confirm that funds for services are appropriately distributed among eligible public and non-public schools. For LEAs whose calculation methodologies are not clear or are not consistent with ESSA requirements, NYSED program staff will be able to provide immediate technical assistance to ensure the proper distribution of funds.

The online application also supports better coordination among NYSED program offices – furthering the Department's capacity to support continuous improvement through technical assistance. For example, consultation forms and other data related to equitable services to private school students and teachers will be shared with the Ombudsman to help coordinate technical assistance and monitoring efforts between the Office of ESSA Funded Programs and the State Office of Religious and Independent Schools. Similarly, data about an LEA's use of Title II, Part A funds will be easily shared with District and School Review Teams from the Office of Accountability and the Office of Educator Quality and Professional Development to help LEAs maximize the use of evidence-based professional development strategies in identified schools.

ESSA Programs - Transferability

Page Last Modified: 08/04/2023

Transferability

As confirmed by the United States Department of Education (USDE), an LEA opting to use *Transferability* must calculate equitable service shares based on the total amount of funds available under a program *after* a transfer (ESEA section 5103(e)(1)). Just as an LEA may not transfer funds to a particular program solely to provide equitable services, it may not retain funds solely for this purpose. Thus, if an LEA chooses to transfer 100 percent of its Title II, Part A or Title IV, Part A funds to Title I, Part A, it may not provide equitable services under Title II, Part A or Title IV, Part A.

- In the chart below, please identify funds subject to Transferability FROM either *Title II* or *Title IV* and the program area to which they are being assigned.**

	Transferring the use <i>from</i> Title II Funds (\$)	Transferring the use <i>from</i> Title IV Funds (\$)

- 2. In the space provided below, please describe (1) the specific student needs that impact academic achievement, and (2) how your Title I, Part A program is designed to address those needs. The needs should be identified through a recent needs assessment, include homeless and/or neglected youth as applicable, and provide the basis for coordinated efforts on the part of the LEA to address them.**

As a small charter school LEA, Growing Up Green Charter School (GUGCS) conducts regular reviews of student needs through our ongoing analysis of student data. GUGCS leadership teams meet regularly to discuss and identify other needs in the school community, including behavioral or social-emotional concerns. Through this ongoing assessment of needs at the schoolwide, grade-wide, and individual student level, GUGCS has determined that our at-risk students continue to require supplemental support in Reading and Math through targeted interventions.

To alleviate these needs, GUGCS uses Title I, Part A funding to implement a tiered Response to Intervention program with specialized curricula, which includes partially covering the salaries of two Associate Teachers and a Math Curriculum & Instruction Coach, all of whom provide interventions to students at risk of academic failure. Through the RTI program, the school uses a process defined in three tiers to deliver differentiation strategies and interventions to struggling students:

- Tier 1: Students receive differentiated instruction and extra support within the classroom environment, where progress is monitored by classroom teachers weekly.
- Tier 2: Students receive small group instructional support (push-in or pull-out) from an intervention teacher, where progress is documented on a weekly basis.
- Tier 3: Students receive small group or individualized support from a special education certified learning specialist on an at-risk basis. Students who continue to require this level of support over a period of time may be considered for an evaluation for special education services.

Specialized curricula involve implementing different approaches to reading and math material. Reading approaches include using research-based reading programs, such as: Core Knowledge Language Arts (CKLA), Fishtank Learning, and Fountas and Pinnell Leveled Literacy Intervention, SPIRE & Sounds Sensible, Lively Letters, Visualizing & Verbalizing, Seeing Stars, and FastForward (software) at the elementary school. At the middle school, Growing Up Green supports students with IXL and the Read 180 program for ELA. Math support at the elementary school uses Do the Math and the principles of Stern mathematics for greater foundational skills and number sense. The middle school uses IXL and Desmos as its core curricular program with Math 180 for additional support for students.

Ongoing assessments are used to monitor continuous student growth and to inform instructional planning, program evaluations, and revisions, as needed. At the individual student level, a series of diagnostic, formative, benchmark, and summative assessments enable us to identify students at risk of academic failure and those having difficulty reading. The assessments used include an internally created six-week assessment called Looking Forward, Looking Back (LFLB) tied to specific exit standards, in addition to running records from Fountas and Pinnell to determine reading levels. Growing Up Green also uses a nationally normed assessment from FastBridge to assess reading and math concepts and skills.

- 3. In the space below, please describe the specific goals and/or outcomes the LEA has identified based on the information provided above. The goals/outcomes should be measurable and aligned directly to the above identified needs impacting student achievement.**

At GUGCS, our expectations for student progress are outlined in our charter goals. Success is measured by the attainment of the following charter goals:

- Throughout the course of the school's next charter term, the school will show progress towards achieving 75 percent of 3rd-8th graders', who have been enrolled at the school on BEDS day for at least two consecutive years, performing at or above Level 3 on the New York State ELA examinations.
- Each year, each subgroup of students will meet the safe harbor (SH) target on the NYS ELA exam set forth in the NYS ESSA accountability system.
- Each year, 75% of all tested students (Grades K-5) who have been enrolled in GUGCS for at least two consecutive BEDS dates will perform at or above grade level on the Fountas and Pinnell Benchmark Assessment System.
- Throughout the course of the school's next charter term, the school will show progress towards achieving 75 percent of 3rd-8th graders', who have been enrolled at the school on BEDS day for at least two consecutive years, performing at or above Level 3 on the New York State Mathematics examination.
- Each year, each subgroup of students will meet the safe harbor (SH) target on the NYS Math exam set forth in the NYS ESSA accountability system.
- Each year, 50% of all Grade 8 students who took Algebra I in Grade 8 and were enrolled in GUGCS for at least two consecutive BEDS dates, will pass the Algebra I New York State Regents Exam with at least a score of 70.
- Throughout the course of the school's next charter term, the school will show progress towards achieving 75 percent of 4th graders, who have been enrolled at the school on BEDS day for at least two consecutive years, performing at or above Level 3 on the New York State Science examination.
- Throughout the course of the school's next charter term, the school will show progress towards 75 percent of 8th graders, who have been enrolled at the school on BEDS day for at least two consecutive years, passing the Living Environment Regents exam with a score of at least 65.
- Each year, the percent of all tested students in each grade level, 3rd-8th, who perform at or above Level 3 on the NYS ELA exam will be greater than the percent of all students in CSD 30 in the same tested grade who perform at or above Level 3. This will be measured by an analysis of performance compared to CSDs conducted by NYCDOE.
- Each year, the percent of all tested students in each grade level, 3rd-8th, who perform at or above Level 3 on the NYS Math exam will be greater than the percent of all students in CSD 30 in the same tested grade who perform at or above Level 3. This will be measured by an analysis of performance compared to CSDs conducted by NYCDOE.
- Each year, each 3rd through 8th grade-level cohort of students (i.e. students who have been enrolled at the School for at least 2 consecutive BEDS dates) will reduce by one-quarter the gap between the percent at or above Level 3 on the previous year's State ELA exam and 75% at or above Level 3 on the current year's NYS ELA exam. If the number of students scoring above proficiency in a grade level cohort exceeded 75 percent on the previous year's NYS ELA exam, the grade level cohort is expected to demonstrate some growth (above 75 percent) in the current year.
- Each year, each 3rd through 8th grade-level cohort of students (i.e. students who have been enrolled at the School for at least 2 consecutive BEDS dates) will reduce by one-quarter the gap between the average NCE score on the previous year's FastBridge Reading exam and an NCE of 50 for the current year's FastBridge exam by grade. 1. Did the LEA evaluate the progress made toward achieving the Title II, Part A program goals set for the previous school year?

- Yes, the LEA evaluated the progress made toward achieving the goals from the previous school year.
- No, the LEA did not evaluate the progress made toward achieving the goals from the previous school year.

1a. To what degree did the LEA make progress toward achieving the Title II, Part A goals from the previous school year?

- The LEA exceeded the goals it set for the previous school year.
- The LEA met the goals it set for the previous school year.
- The LEA did not meet the goals it set for the previous school year.

2. In the space provided below, please describe (1) the specific student and/or teacher needs that impact academic achievement, and (2) how your Title II, Part A program is designed to address those needs. The needs should be identified through a recent needs assessment, and should provide the basis for coordinated efforts on the part of the LEA to address them.

GUGCS' ongoing assessment of student needs is conducted through the lens of the instructional strengths and weaknesses of our teaching staff. To do so, GUGCS relies on student performance data as well as classroom observations and feedback gathered from our internal coaches and teachers themselves, and the results of our needs assessment are used to determine how best to support effective instruction. Following the needs assessment, plans for professional development are formed between the school's instructional leaders, specialists, and teachers and aligned to a rubric established to gauge teacher effectiveness. The school has identified our ongoing professional development needs to be providing training focused on the implementation of the school's ELA and Math curricula, the use of data, and classroom management.

In response, GUGCS implements collaborative professional development through coaching, classroom demonstrations, formal internal and external trainings and workshops, and a summer institute. A key staff member in delivering the professional development and ongoing guidance is the Literacy Curriculum & Instruction Coach, the salary of which Title II funding will partially cover.

2a. The LEA must prioritize Title II, Part A funds to schools that are implementing comprehensive support and improvement (CSI) activities and targeted support and improvement (TSI) activities under section 1111(d), and/or have the highest percentage of children counted under section 1124(c) (these include students from low-income households and those counted as part of Neglected and Delinquent student counts).

Please indicate below which of the following needs were prioritized for the use of Title II, Part A funds. (Click all that apply)

- Is the LEA using Title IIA funds for *Instructional Coaching*?

CONDITIONS OF USE:

Coaching programs are broadly defined as in-service PD programs where coaches or peers observe teachers' instruction and provide feedback to help them improve. Coaching should be individualized, time-intensive, sustained over the course of a semester or year, context-specific, and focused on discrete skills.

Common roles for coaches include:

- A) **Instructional:** Helps teachers implement effective instructional strategies, new ideas, often by observing a teacher and providing feedback, demonstrating a lesson, or even co-teaching;
- B) **Curriculum:** Excels at understanding content standards, how components of a curriculum link together, in addition to how to use the content in planning instruction and assessment. The instructional coaches can ensure a consistent curriculum implementation throughout a school; and
- C) **Data:** Leads conversations that assists teachers in analyzing data and then applying the data to strengthen instruction.

Yes, the LEA intends to allot funds to the above described use.

No, the LEA does not intend to allot funds to the above described use.

- Title II, Part A funding amount for the 2023-24 school year - *Instructional Coaching*.

3. Is the LEA using Title IIA funds for *Professional Learning Communities*?

CONDITIONS OF USE: PLCs are learning teams organized by subject, grade level, and/or special interest in which teachers meet consistently throughout the year to discuss issues around student learning, collect and analyze data, develop and try out instructional solutions, and assess the impact of these solutions. Research indicates that well-implemented PLCs support improvements in practice along with student learning gains. The most successful PLCs have an explicit focus on student learning, increase teacher empowerment and authority in decision making, and promote continuous teacher learning through joint study of research literature.

- Yes, the LEA intends to allot funds to the above described use.
- No, the LEA does not intend to allot funds to the above described use.

4. Is the LEA using Title IIA funds for Principal Leadership?

CONDITIONS OF USE: Leadership is second only to teaching among school related factors as an influence on learning. Effective pre-service and in-service principal training programs should be aligned with the 2015 Professional Standards for Educational Leaders (PSELs), and may include high-quality mentoring and coaching, peer observations, visits to other schools, principals networks and conferences, participation in professional development with teachers, and guided “walk-throughs” of schools to look at particular practices in classrooms and consider how to evaluate/improve learning and teaching.

- Yes, the LEA intends to allot funds to the above described use.
- No, the LEA does not intend to allot funds to the above described use.

5. Is the LEA using Title IIA funds for Teacher Leadership?

CONDITIONS OF USE: Teacher leadership career pathways enable individual teachers to extend the reach of their expertise beyond their own classrooms. The use of teacher leaders, rather than vendors, to perform coaching services related to instruction, curriculum, or data provides incentives for teachers, builds upon strengths, and fosters a more cohesive staff climate and culture while building LEA capacity to increase student learning and student achievement.

- Yes, the LEA intends to allot funds to the above described use.
- No, the LEA does not intend to allot funds to the above described use.

In successful models, full-time mentors are carefully selected and receive more than 100 hours of training annually. Teachers receive two years of coaching, meeting with their assigned mentors weekly for a minimum of 180 minutes per month. Mentors and teachers work through a system of formative assessments, including tools to guide observation cycles and to develop teachers' skills in lesson planning and analyzing student work.

- Yes, the LEA intends to allot funds to the above described use.
 No, the LEA does not intend to allot funds to the above described use.

2. **In the space provided below, please describe (1) the specific student needs that impact academic achievement, and (2) how your Title III, Part A - ELL program is designed to address those needs. The needs should be identified through a recent needs assessment, and should provide the basis for coordinated efforts on the part of the LEA to address them.**

GUGCS uses a number of assessments to monitor student growth and development toward English language proficiency. The ELL team meets regularly to review student data on the acquisition of reading and comprehension skills generated through internal rubrics as well as other internal assessments. Based on this ongoing communication and use of data, the team is able to revise individualized plans to help each student meet grade-level standards and prepare for the NYSESLAT exam as well as gauge the overall effectiveness of the ESL program.

To support English Language Learners in the classroom or in small group instruction outside of the classroom, teachers at Growing Up Green Charter Schools employ the Sheltered Instruction Observation Protocol (SIOP) Model. The SIOP Model is a research-based and validated instructional model for lesson design and delivery that has been proven effective in addressing the academic needs of English learners throughout the United States. The SIOP Model uses eight interrelated components: lesson preparation, building background, comprehensible input, strategies, interaction, practice/application, lesson delivery, and review/assessment. Using instructional strategies connected to each of these components, teachers are able to design and deliver lessons that address the academic and linguistic needs of English Language Learners. The SIOP model is effective within a variety of program models, including: team-teaching, push-in and pull-out. ESL program research indicates successful performance on ELA assessments is based on the development of both oral proficiency and cognitive academic language proficiency, which includes the language skills required for literacy and complex thinking, such as reading comprehension, writing mechanics, critical thinking skills, study skills, and academic vocabulary. GUGCS expects that as ELLs progress in the elementary and middle school, they will achieve the required proficiency in English to be declassified from ELL status.

Our ENL teachers, who are experts in English as a Second Language, provide in and out-of-classroom support to ELL students and former ELL students at various levels of proficiency to develop their literacy skills. Title III funding will also cover a portion of the provider costs for the ELL professional development for our ENL teachers.

To measure the impact of the activities listed above, GUGCS strives for all students to make significant progress towards declassification and measures this through internal assessment as well as the NYSESLAT exam. Since the NYSESLAT scores for the 22-23 school year have not been released yet, we are unable to assess progress towards our goal.

3. **In the space below, please describe the specific goals and/or outcomes the LEA has identified for ELLs based on the information provided above. The goals/outcomes should be measurable and aligned directly to the above identified needs/obstacles impacting ELL student achievement.**

We expect to see increased effectiveness in the instruction of English Language Learners, leading to higher scores on the NYSESLAT exams as well as an increased number of students declassified as ELL students.

If an LEA is transferring 100% of its Title IV, Part A allocation, please identify the specific needs that informed the decision to transfer.

As part of our needs assessment, we determined that one of the primary reasons for the school's continued gains in academic achievement is the development and retention of strong teachers. We offer a highly supportive environment where teachers are given the opportunity to grow in their practice, improve their skills, and receive continual coaching and support. Therefore, we determined that Title IV would best be utilized as a transfer to Title II to help offset some of the costs incurred by our extensive professional development initiatives. In particular, Title IV funding via Transferability will partially cover the Literacy Curriculum & Instruction Coach, a key staff member in delivering professional development and ongoing guidance.
